- Remove Red-Eye.
- Brightness and Contrast.
- Auto Adjust.
- Rotation.

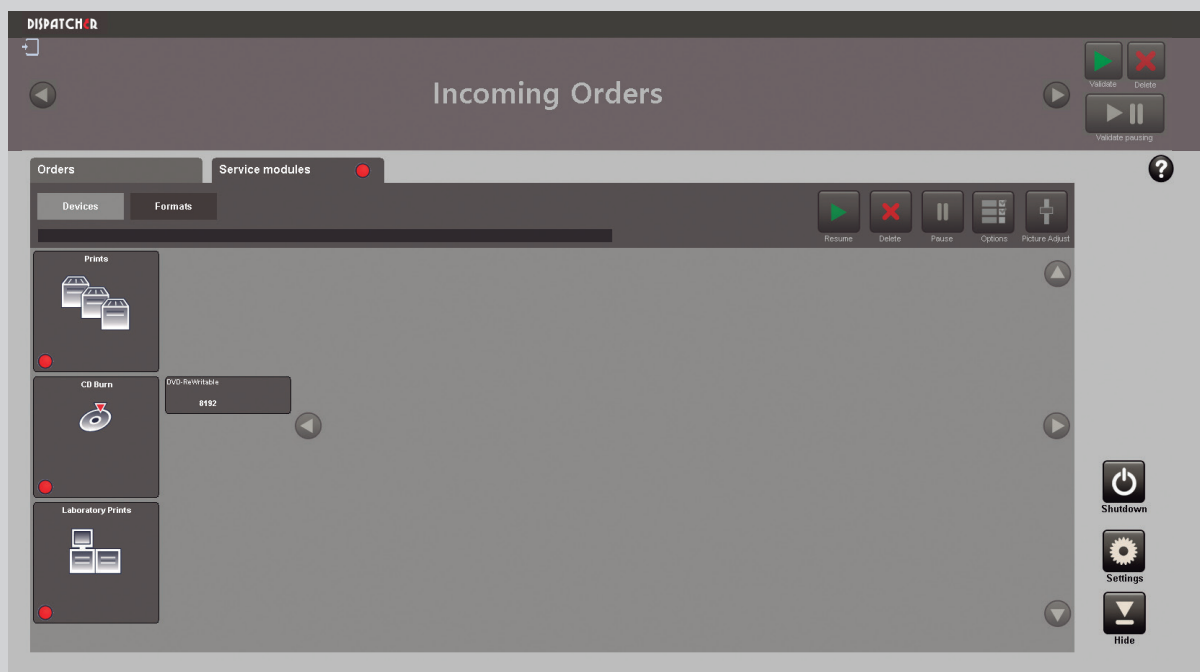

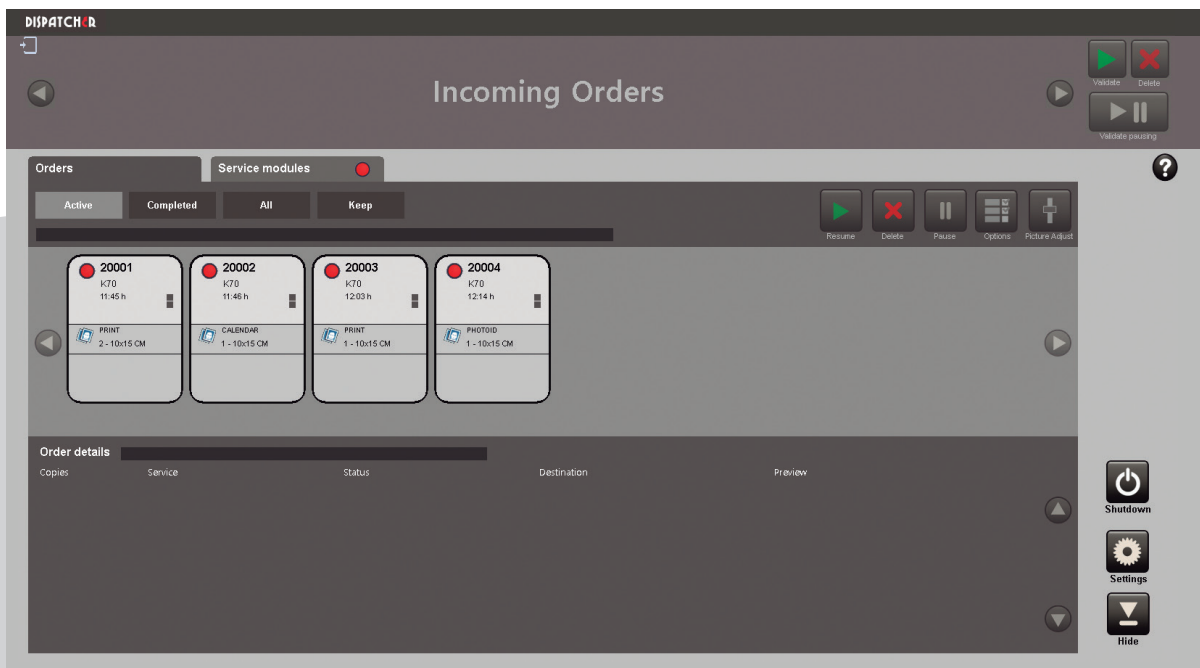

In addition, it shows the original photo and the different versions that have been generated.

Management module for print orders

- Powerful order manager. Easy and intuitive, everything in view.
- Accessible at any time from multiple workflow points.
Locate the shortcut on the screens.
- Displays the status of the printers.
Prioritise, pause and stop queued orders.
As well as orders from PhotoPrintMe.
Manage printers, level of consumables.

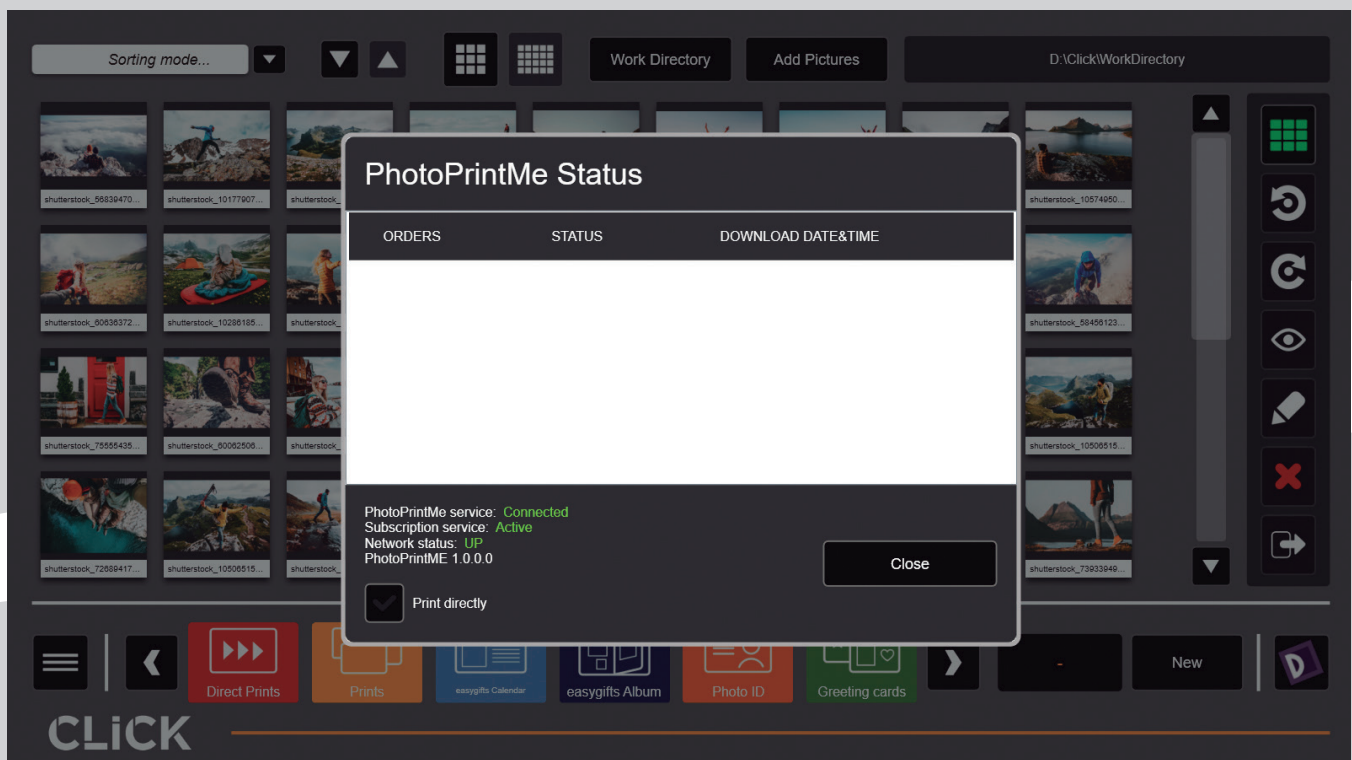

PhotoPrintMe is an online catalogue that allows users to access a variety of products and formats*

PhotoPrintMe in your **CLICK** allows you to:

- Receive orders in your store from anywhere.
- Immediately manage your incoming orders.
- Automatically print orders.
- In order to manage your orders from Dispatcher, you will have a QR*.

Enjoy a 1 year subscription by registering your device at www.meccloudprinter.com.

*Specific QR to receive online orders directly to your CLICK equipment.

CLICK | Hotfolder

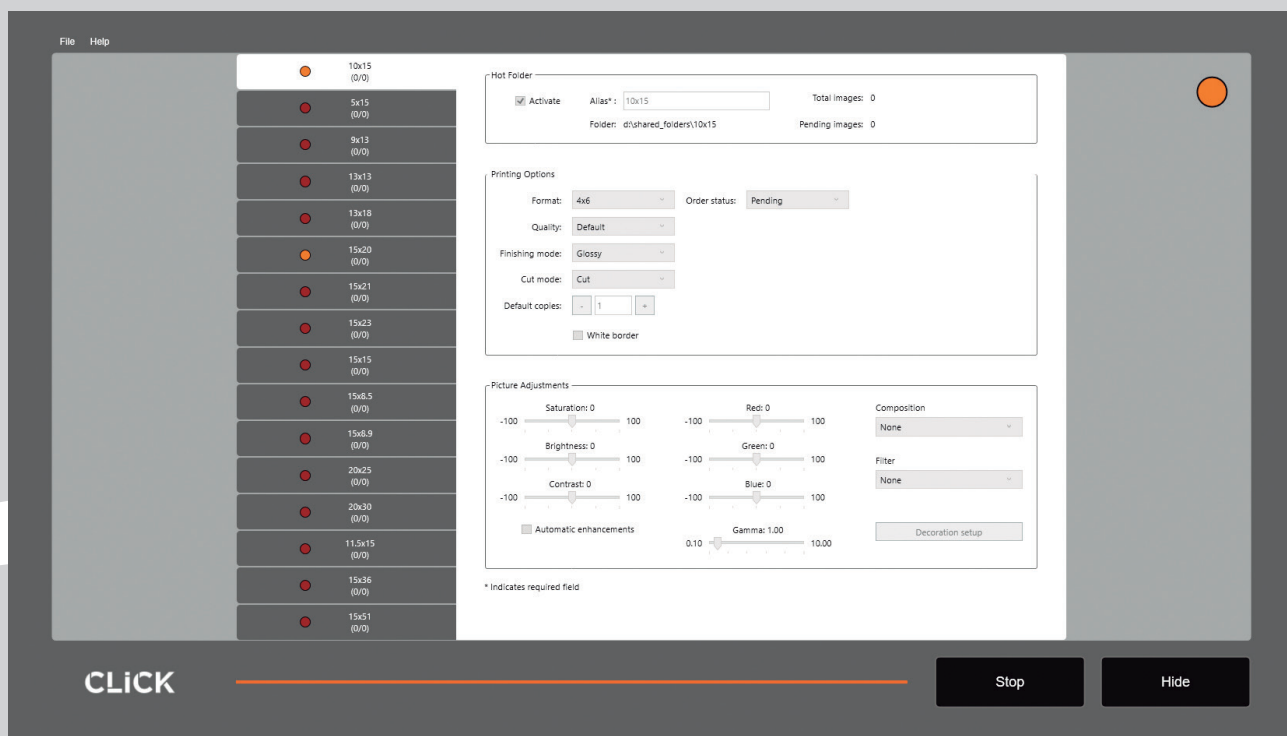

Hotfolder or shared folder is a powerful tool that provides multiple features

Some examples of its applications:

- It acts as a network folder to print locally: connect your external MAC or PC so that your jobs print directly.
- It allows you to easily manage events.
- Each folder is configured for a single format and specific attributes.
- Up to 16 shared network folders.
- Allows you to print the images you receive by automatically adding text or masks.

Preset sizes for Hotfolder*

5x15cm	9x13cm	10x15cm	11.5x15cm
13x13cm	13x18cm	15x8.5cm	15x8.9cm
15x15cm	15x20cm	15x21cm	15x23cm
